

Care Supervisor

Responsibilities

To support customers to enjoy the best quality of life that they can in the comfort of their own homes. Compassion, good communication and organisational skills together with a calm and caring manner are vital for this important role in our company.

Key responsibility

Develop and supervise a team of care workers to provide high quality care that is safe, effective and responsive to each customer's needs and preferences. Support each customer to live their life the way that they choose as far as they are able. Respect customers' choices and promote their dignity and privacy at all times.

Welcome Well With Customers

- Prior to each service commencing, carry out with customers, and / or their chosen representatives, an assessment of what the customer needs and what they would like to achieve from their care and support, together with a risk assessment.
- Create and agree a written individually tailored plan of care and support that respects the customer's wishes and promotes their dignity and privacy. Agree appropriate risk control measures to reduce identified risks. Keep care and support plans up to date.
- Provide the customer and where appropriate their representatives with information about the service, so that they are clear about what to expect and how they can raise any concerns.
- Keep all information about customers and their families secure and confidential.

Work Well With Staff

- Give care workers appropriate information and guidance to effectively and safely provide care and support as agreed in the care and support plan.
- Work with the Cott's Care Coordinator to appropriately match care workers to customers. Attend the customer's first call to introduce the care worker. Report changes to care schedules without delay to the coordinator, customer and care worker.
- Distribute, collect and monitor MAR charts.
- Provide advice, training, supervision and other support to Care Workers and support supervisors as required.
- Take part in the out of hours emergency on-call rota as and when required.
- Effectively deal with emergency on-call issues, for example covering calls either directly or indirectly when Care Workers are sick or absent. Record emergency calls and pass the information to appropriate parties.
- Arrange and manage staff changeovers and briefings for live in care assignments in the absence of the care manager.

Quality improvement

- Assist with investigations relating to the quality of the service and improvement actions.
- Monitor the performance of care workers and carry out quality reviews at the customer's home to make sure the service is being delivered in line with company procedures.
- Apply Cott's Care policies and procedures at all times and make sure accidents and incidents are recorded, reported and acted upon. Make sure that care and support is provided in line with regulatory requirements.

- Work effectively with customers, their families and representatives, other social and health care professionals and managers and staff from Cott's Care to deliver high quality homecare services.

Work well as part of the Cott's Care team
